Learning Spanish in Seville
Welcome to Seville. We can’t wait to show you how we talk here

A city of cities, synthesis of the world, Seville is what people see and what they don’t. Its streets, its squares, its history, are the result of the coexistence of cultures, languages, and feelings. Variety is its identity, through words, we communicate. Seville is a ‘good morning’ and also a long conversation by the river. Literature and slang. The openness of its people, the richness of its stories, the beauty of its corners, all of them make learning Spanish here a unique experience. Go out and find the words to describe Seville by yourself. If you are not here yet, get started in www.visitasevilla.es
